

Message of the Vice-Chancellor

I am pleased to share with you Volume 06, Issue 01 of the *Journal of Gono Bishwabidyalay*. This issue represents our continued effort to promote quality research, academic excellence, and responsible knowledge sharing.

Gono Bishwabidyalay believes that research should not remain only inside classrooms or laboratories. It should contribute to society by addressing real problems, improving lives, and supporting national development. For this reason, we encourage our faculty members, researchers, and students to engage in meaningful research and publish their findings with honesty, clarity, and scientific rigor.

The articles in this issue cover diverse themes and reflect the hard work of our contributors. I hope the Journal will support learning, inspire new ideas, and create opportunities for collaboration among scholars in Bangladesh and abroad.

I sincerely thank the authors for their valuable contributions, the reviewers for their careful evaluation, and the editorial board for managing the publication process with dedication. Their combined efforts are essential to maintaining the quality and integrity of the Journal.

I invite readers to explore this issue and share feedback so that we can improve further in future editions. I also encourage scholars to submit their research to upcoming issues and become part of our growing academic community.

Professor Dr. Md. Abul Hossain
Vice-Chancellor
Gono Bishwabidyalay.
